T-Series

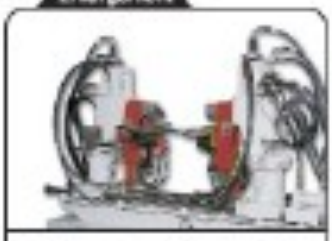

>>T-38

>>T-50

Enlargement

T38-90 allows bend head 90 degree rotation (In-plane and Out-plane)

1) T-Series Twin head compression bender is suitable for symmetric bend parts
2) Tube compression system use crank-link system, touch and very strong compression force to ensure high bending quality
3) Rapid movement of 2 bend heads with excellent locking power to avoid slipping during the bend.

■ T SERIES TWIN HEAD COMPRESSION BENDING NC CONTROL
