

# Ameri-Cure Inc.

Manufacturer of Automotive & Industrial Spray Booths Since 1974

## *VisionMAX*

Welcome to the new standard of tomorrow in Spray Booth technology - Today - with Ameri-Cure, Inc.'s VisionMAX (patent pending)! The truly integrated system that meets all your needs, today and tomorrow, no matter what you are or will be spraying, NOW!

# VisionMAX

The Key to More Profit in Your Collision Center

**Increase your production • Lower your energy costs  
REDUCE your labor costs**

What am I spraying today? Low VOC Solvent Borne Paint? High Solids Solvent based paint? Waterborne Primer with Solvent based paint? All Waterborne paint system?

What will I be spraying tomorrow? Next Year? Local and national regulations or advances in paint technology? Will the equipment I am using today be OK for today AND tomorrow?

Welcome to the new standard of tomorrow in Spray Booth technology --- Today --- with Ameri-Cure, Inc.'s VisionMAX (patent pending)! The truly integrated system that meets all your needs, today and tomorrow, no matter what you are or will be spraying, NOW! Not just a Spray Booth, a Total Solution Cabin that increases your production, lowers your energy costs, and reduces your labor costs! Go with Ameri-Cure, Inc. with confidence and get the spray booth that returns your investment the fastest.

The technically superior VisionMAX, the Spray Booth that provides you the solution for any system or combination of systems with the best technology for each application. MAXimum results with superb airflow from either the Full Down Draft with Pit or extremely popular Down Draft with no pit or basement needed. All in a brilliantly lit cabin, Bake & Cure, or Heat with AquaFlo™ Modules. Lower your labor costs with the time saving TransPorts (patent pending), where your Painter's helper passes your production painter his freshly loaded spray gun directly into the booth as the paint passes the empty gun back to him! No more walking out of the Tint Room, then into the Spray Booth. Complete with its truly integrated Mixing Station with TransPorts provides the ultimate in Tint Room efficiency and Spray Booth efficiency. The full counter has ample space for your gun holder, mixing cups, computerized scale, and Mixing Bank. Everything within easy reach, and easy clean up too!

## Optional Features
