## MAGNETIC DRILLING MACHINES

**\$449**

**BORA**

The perfect drill for light duty applications, the Bora has a 1-1/8" diameter by 2" depth of cut annular cutter capacity and 1/2" twist drill capacity. A must have for carpenters, electricians, plumbers, roofers, HVAC and window and door installers.

**\$599**

**Mustang**

The drill to use for heavy duty industrial work, the Mustang has a 1-1/2" diameter by 2" depth of cut annular cutter capacity and 1/2" twist drill capacity. Unmatched durability and portability for an affordable price.

**\$999**

**Cougar**

Our largest capacity drill, the Cougar has a 2-3/8" diameter by 3" depth of cut annular cutter capacity and 5/8" twist drill capacity. This strong, durable machine is compact and portable with 2 speeds for maximum efficiency.

**\$1,099**

**Handy-Mag III** <sup>Auto</sup>

The most versatile of our drills, The Handy-Mag <sup>Auto</sup>III will complete a full cycle automatically or manually. It has a 1-1/4" diameter by 1-3/4" depth of cut annular cutter capacity using the automatic feed and 2" depth of cut using the manual feed. Twist drill capacity is 5/8".

### Features for all machines:

- Coolant system with internal cutter lubrication for increased cutter tool life
- Safety Chain
- Positive Slug Ejection System
- Adjustable Slide Gibs
- Carrying Case
- One Year Warranty
- 3/4" Weldon Shank Diameter

Maximum holding force for extra stability.  
Durable, dependable, affordable.

Cutters in stock with sets available.  
All cutters come complete with a center pin.
