

ARO-1400 Multi-Stage Oil Mist Collector

For medium to large size machine tools!

The ARO multi-stage oil mist collectors separate mist in progressive stages reducing the potential of plugging. Filters are depth loading and designed to drain, suitable for 24/7 operation.

Cross-flow filter design, air flow is horizontal, oil drains vertical down.

Ideal for high pressure coolant and oil.

Removes mist, smoke and bacteria.

Unique permanent 1st and 2nd stage separation stages

Optional On-Line Cleaning system

Long filter life... Low operating costs... Low maintenance... Clean air

Filter Stages:

The innovative 1st stage mechanical elements separates up to 90% of the oil mist and swarf. The smooth metal surfaces quickly drains fluid back to the sump.

The 2nd stage agglomerator filter is very unique, manufactured in layers of stainless steel wire mesh weaved with oil attracting fibers. Efficiency is high as the air travels through a bed of coarse and fine fibers at low velocity. The agglomerator filter media is very durable, lasting 10 – 15 years. Can be power washed.

The 3rd and 4th stages are fiber bed filters that capture small mist particles.

Select coolant or oil filters. Typical life 1 – 3 years.

Final 5th stage HEPA filter that captures sub-micron mist, smoke and bacteria. Efficiency 95% @ 0.3 μm is standard, optional 99.9% @ 0.3 μm . Typical life 2 – 4 years

The HEPA filter is made with exclusive heavy duty filter media, no other product holds as much or lasts as long.

Specifications:

Air Flow	1,300 – 1,500 cfm
Machine tool enclosure	up to 450 ft ³
Filter Pressure, max	3.5" wg
Motor	3 hp
Voltage (amps)	230/460/3/60 (7.6/3.8)
	575/3/60 (3.1)
Speed	3450 rpm
Temperature, max	160°F / 70° C
Weight	380 lbs
Length	36" frame, 46" overall
Width	25"
Height	47"
Inlet connection	10"
Sound	73 dB(A)
Clean air measurement	HEPA filter 95% < 0.050 mg/m ³
	HEPA filter 99.9% < 0.010 mg/m ³

Optional:

HEPA Filter 99.9% @ 0.3 μm	Wall mount
Installation kit	Pillar stand
Motor starter	Portable unit
VFD motor starter	On-Line Cleaning system
